

Dear FCC,

For the last 3 years K-Love has been THE ONLY radio station I listen to daily. I have always been a Christian, but when I found K-Love on the radio my life was transformed. K-Love helps keep me centered during the week and brings God to my family and me in a way like never before.

I'm not sure what all this LPFM stuff means, but I sure hope it doesn't mean we will lose K-Love in our city. I hope that just because K-Love is a listener-supported and commercial-free radio station, we are in jeopardy of losing it.

With the ministry of K-LOVE, God is changing lives every day and even every hour! Please don't take that away.
